

At Core10, we have a lot of experience in the refurbishing of iPhones. Most are barely used, some have light signs of use and some have clear signs of usage. These iPhones are priced accordingly to their status. This guide will give you a clear overview of our iPhone statuses.

Every refurbished iPhone is 100% functional. On top of that all refurbished iPhones will be carefully boxed, sealed and provided with a new USB cable, a new EU adapter, a new headset and warranty.
